Batch Reports - F **HR-002 - Default Distribution Errors Report**

Purpose:	This report identifies errors in the default distribution/standard coding blocks that were entered in the Human Resource Management Network (HRMN) and detected when that data was interfaced to DCDS in the batch processing cycle. These errors are found when comparing the coding blocks supplied by HRMN to the valid R★STARS coding blocks stored in DCDS. This report is used to correct coding block errors.
Frequency:	As requested (daily, weekly, monthly, yearly)
Distribution:	The report is available to DCDS users who have been granted the appropriate security.
Sequence:	Department, Agency, Employee Name
Media:	The report is printed at the designated printer.
Retention:	Per Department Policy
Information:	<p>A. The Default Distribution Error report is accessed through the <u>R</u>eports, <u>B</u>atch, <u>F</u>-Default Distribution Errors items on the menu. Only errors that exist when the report is run will appear on the report. When errors are corrected, they will no longer appear on the report. No historical errors will be available.</p> <p>B. The following detail is displayed:</p> <ul style="list-style-type: none">■ Employee Name■ Employee ID (EMP ID)■ Social Security Number (SSN)

DCDS Reports

The screenshot shows a software window titled "DCDS 32" with a sub-window titled "Report Request". The "Report Request" window has a menu bar with "File", "Edit", "Options", "Functions", "Params", "Reports", "Window", and "Help". The main content area is titled "Default Distribution Errors" and contains the following fields:

- Department: 01 (dropdown)
- Agency: 01 (dropdown)
- Report Start Date: 10/30/2000 (text box)
- Next Run Freq Type: Daily (dropdown)
- Next Run Freq Value: (empty text box)
- Destination: hp4_4central (dropdown)

At the bottom right of the window are two buttons: "OK" and "Close".

Report Request Screen

To display the Report Request screen for the Default Distribution Error report, select the Reports menu item from the Menu bar and click on the Batch menu item. From the cascading menu, click on F-Default Distribution Error Report item.

The Report Request screen allows users to enter the appropriate criteria to request the report.

Enter or select the Department and Agency. Enter the Report Start Date, select the Next Run Frequency Type (daily, monthly, etc.), enter the Next Run Frequency Value, and select the Destination where the report is to be delivered. When the appropriate information has been entered, click the OK button.
